

# NBN-XTRA

SLOW RELEASE NITROGEN SOLUTION

**26-0-0 0.5% Mn**

## GUARANTEED ANALYSIS

**NITROGEN (N)..... 26.0%**

Urea Nitrogen ..... 7.3%

Slow Release Nitrogen (SRN)  
from Urea-Triazone\* .....18.7%

**EDTA MANGANESE (Mn).... 0.5%**

*\* 72-74% of the Total N derived from slowly available H<sub>2</sub>O Soluble N.*

**Derived from Urea-Triazone Solution.**

## NITROGEN SOLUTION

**NBN-XTRA** with EDTA Manganese is a non burning, clear and colorless nitrogen solution containing a mixture of both 72% CRN slow release and readily available forms of nitrogen. When applied as a foliar, it supplies growing bean plants with needed nutrients while minimizing the potential for crop injury.

Originally formulated as a non-burning nitrogen fertilizer, **NBN-XTRA** has proven to be a versatile product in applications where a special source of liquid nitrogen is required.

**NBN-XTRA** is very compatible with most insecticides, herbicides and fungicides and can easily be applied with standard spray equipment. Characterized by its slow release, non-burning properties and long term stability, we are confident **NBN-XTRA** will meet or exceed your expectations.

## FEATURED BENEFITS

- **Non-Burning**
- **Sustains Growth**
- **Low Salt Index**
- **Superior Performance**
- **Formulated by Morral Companies, LLC**
- **Quality by Morral Companies, LLC**
- **Controlled Release**
- **High Analysis**
- **Easy to handle**
- **Compatible with Chemicals**

**AVAILABLE IN MINI-BULK & BULK**

# NBN-**X**TRA

**26-0-0 0.5% Mn**  
**SLOW RELEASE NITROGEN SOLUTION**

## TYPICAL PROPERTIES

Appearance .....	Clear
Odor .....	Faint Organic
Total N .....	28%
Pounds per Gallon .....	10.7
Pounds N per Gallon .....	3.0
Specific Gravity at 25° C.....	1.28
pH .....	> 9
Viscosity at 70° F.....	90 CPS
Storage life at 70° F .....	6 MONTHS MIN
Salt Out or Freezing Point.....	< 0° F
